

JIMMY SMITH WILL BE HERE THURSDAY

World's Greatest Pin Tumbler and Side-Kick, Alex Dunbar, to Shoot on Huntington Drives.

OMAHANS WILL TAKE CHANCE

The appearance of Jimmie Smith, the world's champion bowler, and Alex Dunbar, former champion in Omaha, is the biggest feature ever carded for the local bowling enthusiasts.

Fear of All Bowlers.

Smith is the main attraction. He is conceded by everyone to be the peer of all bowlers, a position never enjoyed by any bowler in former days. He has had pitted against him all the good bowlers in the country under conditions entirely unfavorable to himself.

Dunbar Holds Sweeper.

Alex (Chief) Dunbar, his bowling partner, has never been considered such a marvel as Smith, but is conceded to be one of the best bowlers in the country.

Huntington has not arranged the afternoon and evening schedule, but it is known that several hot cracks will take a chance with the visitors with a view of winning from them, an honor cherished by every match game roller in the country.

Boobler has gone up. He rolled his best match with the Wichita Falls team last week. The excitement of rolling in the big show made him somewhat nervous and his scores were low.

"Grip" Doherty is back in the "407" class, but at that he isn't lonesome.

"Liz" Hammett's recent slump is due to poor footwork. He is having his dancing pumps shined up and expects to correct the condition by taking a few turns at the light fantastic.

Take a peep at the race in the Omaha league. They'll all bunched up.

The Boosters' or "One-Man" league, is enjoying a healthy season. The Clara Bohls have 120 in the Omaha league.

Patrick "Hunk" Malloy, touted as the find of the season, has been given an unconditional release. This, however, will not prevent him from showing his stuff in the new line of points of the game when the latter blows in next Thursday.

"Walt" Schoenman has donated over \$50 to the Parkin alley merry-go-round to name it after him. "Shaney" is using the two-bit-at-a-time system.

Katz is wearing a new winter without-a-home" expression since alley No. 7 has been put on the level.

"Eh" Terrell's trip to the "Old Bowlers" hands has been a success. He has returned to Omaha. He has slipped in a couple 600 totals lately and bids fair to come in the lead.

With the Jetter's Old Age grabbing a whole series from the leading Met and the Brandes stars winning a pair from the Loxus crew, the Omaha league presents a neck-and-neck race.

George Zimmerman is rolling a steady game, but his number of 60 totals doesn't compare favorably with his last year's record. Lots of time yet.

The state tournament held at Lincoln this afternoon should be a good one. The top pins in the state are expected to be in the line, and out victory, high one week and low the next. The present winter weather which is bound to continue will keep the pin toppers on the inside which means that the local runways will again assume their former prominence.

Fat Anglesworth writes that he is setting the world affairs on the runways in the Twin Cities. Of course.

The feminine bowlers are sure taking to the sport. All insist on rolling in their own spheres and a few have even purchased their own bowling balls. Mrs. Ted Neale recently rolled with a ball made especially to suit her grip and a decided improvement is noticed in her scores. Others plan to do the same thing. When they do, a general rise in averages may be expected.

Another seven days have passed and Alex Hammett and his Fremont crew have not put in their regular weekly appearance.

The writer dropped into Sioux City last week and found the up-river bowlers handing out nothing but praise for the manner with which the recent middle west tournament was conducted. This seems to be the prevailing sentiment. Even our friend W. Y. Thompson of New York City has heard of its success and has sent congratulations.

Look out boys. Those women bowlers have commenced their challenges at the men, and judging from the matches already rolled they are getting by. Miss Rachel won from her husband, the wives beat their husbands, and the single girls trounced the unmarried men. Heavens! What is the bowler world coming to?

Now Old Bob Kernan and Louis Rose

GOLF IS EXPENSIVE SPORT

Game in America Represents Expenditure of More Than \$232,190,000 Each and Every Year.

MOST COSTLY GAME OF ALL

Golf has had such a growth in the last ten years, and the number of new courses is growing so fast, that it is difficult to accurately estimate the cost of the game, which is base ball's greatest rival.

Jerome Travers, who is in many ways the most remarkable golfer ever developed in this country, estimates that there are 1,900 golf clubs in this country, with a membership of 260,000. He estimates that the average membership is 260, though many clubs have a much larger membership.

Travers estimates that the 260,000 golfers will spend \$42,000,000, and that the initiation will be \$17,500,000 a year more. He says that the average acreage of the 1,200 clubs is 100, which is a trifle high when the number of nine-hole courses is considered. He places a value of \$600 an acre, or a total valuation of \$720,000,000.

In discussing the cost of upkeep, he figures \$7,800,000, which appears somewhat out of proportion, as most of the nine-hole courses average from \$2,000 to \$3,000, while a few of the eighteen-hole courses will run over \$10,000 a year. He says that the cost of the clubs, averaging seven clubs to the bag, is \$6,125,000. Figuring that each player will buy an average of one club a year, he estimates a further outlay of \$787,500 for clubs.

Travers believes the average professional earns about \$1,200 a year. This gives a total of \$312,000. He says the caddies earn about \$60,000 a week, or a total of \$3,120,000 a year. He places the value of golf real estate at \$200,000,000 and says that \$50,000,000 more is spent each year for laborers and caddies. He says that fully 300,000 men and boys are employed by the golf clubs. This estimate would give the following table:

Table with 2 columns: Item and Amount. Total: \$232,190,000.

The general total is believed to be within reason. While some of the figures might not be borne out by actual facts, others are too conservative. Certainly no other game in this country has as much money spent on it, and no devotee of a sport spend more money than do the American golfers.

SUGGEST FOUR MEN TO SUCCEED JUMBO

(Continued from Page One.)

Huskers and a few more games will probably be added.

The schedule so far as Steinhilber has completed it, follows:

January 14 and 15—Kansas at Lincoln.

January 21 and 22—Drake at Lincoln.

February 4 and 5—Drake at Lincoln.

February 11 and 12—Kansas Aggies at Lincoln.

February 23 and 24—Drake at Des Moines.

February 25 and 26—Ames at Ames.

A couple of games will probably be arranged with Wesleyan and some other games for the Huskers on their eastern swing around the circuit. The Huskers are working out regularly and the squad is in excellent shape.

Frank Men Trains.

Travis has been assigned to the various gymnasium classes and will have training during the winter months. Reed's track squad numbers seventy-five men and is the most promising since 1911. These track dates have also been arranged:

April 23—Ames at Ames.

May 1—Kansas at Lawrence.

The athletic field has been soaked thoroughly and is now in shape for flooding for the big skating rink which the athletic board authorized. Just as soon as cold sets in Reed will flood the field and get it in shape for the start of ice hockey.

JIM THORPE CROWDS HIS WAY BEFORE GRID CALCIUM

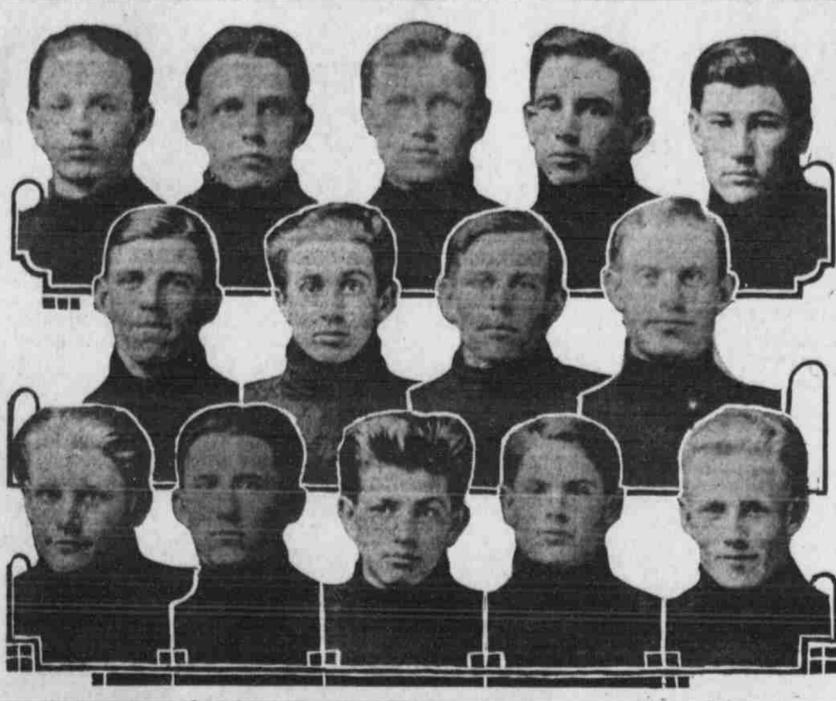

Jim Thorpe has crowded back into foot ball limelight again. Jim won the professional football championship of Ohio for the Masonian all-star team in a game against the Canton professionals almost alone and unaided, booting a couple of goals from the field and tearing things wide open in other respects. However, probably McGraw would be much more interested to hear that Jim had learned to hit a slow curve.

Archer is Life-Saver.

Jimmy Archer, the famous catcher of the Cubs, will be in the life-saving service on the beach at Ormond, Fla., this winter.

BEAVER CITY'S HIGH SCHOOL TEAM SUPPORTS ITS CLAIM TO CHAMPIONSHIP

honors by a fine record of games won. From left to right the players in the picture are: Top row, Hunt, substitute-end; Coffey, substitute-guard; Young, right halfback; Goble, quarterback; Watson, fullback. Center row, Rush, left halfback; Copeland, substitute-end; Carter, right end; Sheets, right tackle (captain). Bottom row, Lutton, right guard; Hill, center; Rummell, left guard; Harman left tackle; Harper, left end.

BASKET TOSSERS READY FOR PLAY

(Continued from Page One.)

decided upon, the Church league is still giving officials a great deal of trouble. Several of the churches have withdrawn and a number of others are clamoring for admission. Because of the scarcity of basket ball floors it is possible that the loop will not exceed ten teams.

Walter Racely

Walter Racely, assistant physical director of the Young Men's Christian association, requests that all managers mail him their addresses and telephone numbers, together with their lineups.

ON ONE JOE STECHER

(Continued from Page One.)

always wrestles with his feet bare and they wanted him to put on shoes. The debate continued until we got in the ring, and then Stecher ended it by telling Hussane to wrestle as he pleased. I wish they'd insist on the shoes. Then I'd have an alibi. Don't make any mistake on this fellow. I've been in the wrestling game many a year and he's the greatest I ever saw—bar none.

"I am so nervous," declared Hussane.

W. J. Bryan Cited to Answer Charge of Contempt of Court

NEW YORK, Dec. 11.—William J. Bryan, former secretary of state, in an order signed by Supreme Court Justice Whitaker, today was declared in default for failure to answer a summons to appear as a witness in the suit for alleged libel brought by Fremont Tamm against D. J. Vlasto and S. J. Vlasto. The court also issued an order requiring Mr. Bryan to show cause why he should not be adjudged in contempt of court. This was made returnable December 23.

Tigers Sign Hurter.

"Bud" McTigue, star left-hander of the Toronto Internationals during the 1915 season, has been signed to a Detroit contract.

ELECTED STUDENT MANAGER OF BELLEVUE ATHLETICS.

(Continued from Page One.)

George Parry has again been elected to head the Walter G. Clark.

GOTHAM GETS INFO ON ONE JOE STECHER

WASHINGTON, Dec. 11.—The American note to Austria-Hungary, demanding a desavowal of the sinking of the Italian steamer Ancona, and reparations for American lives lost on that vessel reached the Austrian foreign office at Vienna yesterday. The text will be given out by the State department here for publication in Monday morning newspapers.

American Note to Austria-Hungary Reaches Vienna

The text will be given out by the State department here for publication in Monday morning newspapers.

Dubuque Bankers Given Five Years Each in Prison

DUBUQUE, Ia., Dec. 11.—Joseph Harrison, former vice president; George Homan, former cashier, and Charles Homan, former teller in the Dubuque National bank, were this afternoon sentenced by Judge Reed in the federal court to five years each in the penitentiary at Fort Leavenworth.

Matty is Pinched.

Pitcher Mathewson was arrested in New York one day last week for blocking traffic with his motor car.

TUG-O-WAR TO BE HELD IN JANUARY

Jack Prince Closes Contract to Stage Big Event in Auditorium January 3 to 6 Inclusive.

The international tug-of-war Jack Prince will stage in Omaha will be held from January 3 to 6, inclusive, at the Omaha Auditorium. Prince closed the contract for these dates yesterday.

DANES FIRST TO ENTER TEAM

The first team to enter the contest staged yesterday, it was the Danish team, which will be captained by Emil Tolddod. A meeting will be held Tuesday night and at that meeting Prince expects to line up seven other teams, making eight in all for the event. The eight, Prince says, will represent Denmark, Sweden, Germany, Ireland, England, Bohemia, America and Greece.

PHILADELPHIA LOSES OUT

NEW YORK, Dec. 11.—Unless there is a change of sentiment at Annapolis, the Navy is expected to reach an agreement to play the annual foot ball game with the Army at the polo grounds permanently. The West Point academy always has favored New York and is bound by contract to meet the midshipmen here again in 1917. The Navy academy, on the other hand, reserved the right, two years ago, to select the battleground for alternate games, but it was learned last Saturday that the midshipmen, after the successful manner in which the big contest in the Brush Stadium was handled by the New York Base Ball club, did not favor a return to Franklin Field, Philadelphia, 1916.

Clinch's Profits Small.

The attempt was about \$300, yet the New York club's profits were comparatively small. The most satisfactory feature was the fact that the academics secured all the tickets they needed; an impossibility at Franklin Field. In spite of the rain and fog the crowd was well handled by the elevated and surface roads. After the game it required less than forty minutes to carry the spectators away from the stadium. The only hitch was the belated arrival of the midshipmen at the field. The first battalion was landed by a Pennsylvania railroad ferryboat at the foot of West One Hundred and Fifty-fifth street at 12:30 o'clock. The second battalion, on board a New Jersey Central ferryboat, was carried up the Hudson to a point near Yonkers before the pilot discovered his error. There was no fog hanging over the river at the time, so that the weather had nothing to do with the mishap.

Before they left for Annapolis many of the midshipmen expressed the hope that the game would be played at the Polo grounds for many years to come, and they added that some of the most influential men in naval affairs probably would take the matter in hand at an early date. New York provides a neutral battleground, and the trip from Annapolis no longer is a hardship.

BIG BEQUEST FOR FREE HOSPITAL AT ST. PAUL

ST. PAUL, Dec. 11.—The will of Mrs. Martha A. Miller, filed for probate today, leaves \$1,000,000 in realty and \$500,000 in cash to erect and maintain a free hospital. The estate is valued at \$2,000,000. Among the bequests is one of \$50,000 to a son, Charles T. Miller of San Antonio, Tex., and one of \$5,000 to Mrs. Frances Miller, a niece of Newcaste, Cal.

Pirates Keep Carey.

A report sent by a judge of the Cardinals had proposed a trade with Pittsburgh for Max Carey was quickly denied.

Strong With Neurotic.

Don't suffer, get a 3c bottle of Sloan's Liniment; it penetrates to the painful parts at once. Kill the pain. All druggists—Advertisement.

STOCKDALE TO ADDRESS THE AD CLUB MEN.

The Omaha Ad club has made arrangements to have Mr. Frank Stockdale, the noted national lecturer on advertising and business ethics, address its members and all business men in the city who are interested in advertising, and particularly the subject of the speaker's address, "Advertising and the Speed of Turnover."

FRANK STOCKDALE

Mr. Stockdale has a national reputation as a speaker and represents the Associated Advertising Clubs of the World. He is selected by the education committee of the associated clubs after careful consideration. He displays unusual abilities in handling his lectures.

His various subjects are written by some of the biggest men in the advertising and business world—men of recognized national ability. They are given to Mr. Stockdale to deliver in his own forceful manner.

The points covered are: Rate of turnover of turnover. What is the relation of advertising to so-called scientific methods of advertising? A brief discussion of the cost of doing business in various trades, with table and explanations of chief items, methods of figuring costs, etc. And then a discussion of advertising as the only one of the chief cost items which has for its avowed purpose demand-stimulation. A plea for the least wasteful advertising possible.

EASTERN TEAMS GIVE OUT SLATES

Cornell Will Play Nine Games Next Fall and Harvard Ten Contests.

SEVEN WILL BE AT ITHACA

ITHACA, N. Y., Dec. 11.—The Cornell university foot ball schedule for 1916 announced tonight contains nine games, seven of which are to be played in Ithaca. The big games as usual are with Harvard, Michigan and Pennsylvania.

The schedule follows: October 20—Oberlin at Ithaca. October 27—Gettysburg at Ithaca. October 31—Bucknell at Ithaca. November 4—Harvard at Cambridge. November 11—Cornell at Ithaca. November 18—Massachusetts Aggies at Ithaca. November 25—Pennsylvania at Philadelphia.

CAMBRIDGE, Mass., Dec. 10.—The Harvard foot ball team, next fall, will play ten games, instead of nine, Fred W. Moore, graduate treasurer of athletics announced tonight. The last five dates of the schedule follow:

October 28—Cornell. November 1—University of Virginia. November 11—Princeton. November 18—Brown.

These contests except for the Yale game, which reverts to the Bowl at New Haven, will be played at the stadium. The first half of the schedule is in the making.

Son of Millionaire is Fatally Beaten by Alleged Hazers

ROANOKE, Va., Dec. 11.—Thurber Sweet, the 17-year-old son of a Chicago millionaire, is dead of injuries which he claimed to have received by hazing at Virginia Military institute. He died last night.

Sweet left the institute early in October, claiming that he had been beaten with bayonets. Students at Washington are Lee cared for him and Dr. J. M. Scott attended him. When Sweet's condition became worse he was removed to the institute hospital, where he died.

Superintendent Nichols of the institute said today that so far as he knew there was no truth in the claim that Sweet's death was due to hazing.

Cotton Drops Two Dollars a Bale on Heavy Selling

NEW YORK, Dec. 11.—Cotton prices sustained a violent drop this morning and at one time showed a net loss of 38 to 42 points, or practically \$2 a bale, under the previous night. Selling orders began pouring in from the south, indicating decided weakness in the New Orleans market and failure to absorb these heavy offerings caused prices to fall away sharply.

NEW ORLEANS, Dec. 11.—Cotton value shot swiftly downward today, breaking from \$1.70 to \$1.60 a bale within the first thirty minutes of trading. Heavy selling by the bears, prompted by tension between this country and Austria-Hungary, was believed to be responsible for the break.

Indiana Election Conspiracy Bills Are Dismissed

INDIANAPOLIS, Ind., Dec. 11.—Charges against 106 of the remaining 118 defendants in the Marion county election conspiracy cases were dismissed by Special Judge W. H. Eichhorn on the motion of Prosecutor A. J. Rucker today.

The prosecutor said that in view of the showing made in the trial of Mayor John E. Bell, who was acquitted of conspiracy charges, he did not believe the state had enough evidence to warrant going to trial with the 106 cases.

The thirteen defendants who remain to be tried include Samuel V. Perrott, chief of police; Wayland Sanders and Morton C. Hulse, police sergeants, and several minor city officials.

Stock-Reduction Sale SUITS TO ORDER \$18.00 REDUCED FROM \$25.00

To reduce our stock and keep our tailors
